KIOTI

CK4210 SERIES
ROPS

WORK SMARTER NOT HARDER.

The Kioti CK4210 Series includes two versatile models: the CK4210 Manual ROPS and the CK4210 HST ROPS tractors, each designed to cater to different operator preferences and farming requirements.

Both models are powered by a robust 42-horsepower diesel engine, providing reliable performance and fuel efficiency for a wide range of agricultural tasks. The Manual ROPS version features a traditional gear-driven transmission, offering precise control and flexibility for experienced operators who prefer manual shifting.

On the other hand, the CK4210 HST ROPS model is equipped with a hydrostatic transmission, allowing for seamless and effortless speed adjustments, making it ideal for users seeking ease of operation.

CK4210 MANUAL ROPS
42HP

CK4210 HST ROPS
