The Rambler may be the smallest zero-turn in the Bad Boy line-up, but it's also our best seller in Australia, and for good reason. Compact, tough and built to perform, it brings genuine Bad Boy strength to the residential market.

With a heavy-duty steel frame, industry-leading front forks and a fully welded steel deck, the Rambler is built tougher than you'd expect from a mower this size. Easy to handle, comfortable to mow with and made to last, it's everything you want in a residential zero-turn.

Affordable. Reliable. All Bad Boy.
